## Council Requests Increased Rentals For Teacherages

At its last meeting on Thursday, May 30th Town Council studied the contents of a letter from F.M. Maddock, chairman of the Stony Plain School Board, received in reply to a query from Council about rental rates charged for teacherages in Drayton Valley.

From the information received it appeared that rental rates charged by the division are below average for the community.

Council authorized a recommendation to Stony Plain School Division No. 23 that

rental rates for teacherages in the community be brought more in line with current rental rates.

It was decided that a meeting of the Public Works and Protection to Persons and Property Committee be held on June 10th or 11th to finalize the traffic bylaw.

Council authorized increasing the salary of Frank E. Harrison to \$6300 per year, retroactive to April 1st, 1968.

Council authorized the payment of \$400 to the Tennis Club in the way of a one time grant to aid the club in financing the facility.

Council agreed to provide \$300 toward the cost of bleachers to be built at the swimming pool by the Athletic Association.

Council authorized the sale of one lot for \$700 and refused to sell two others as it was felt the prices offered were not high enough to represent fair market value.

Council authorized offering for sale the Massey Ferguson tractor Model 204 with a reserve price of \$3600.

Council approved Progress Payment No. 1 in the amount of \$7066.28 for a portion of the capital works program for this year.

Council again discussed the need for rest room facilities. Several proposals were discussed but it was decided to seek more information from the Women's Institute before taking any action.

## EVANSBURG NEWS

MRS. M. BRUNER, Correspondent

Time certainly flies; last week's news deadline arrived and went before I realized how late in the week it was. However, you might say I was kept quite busy as I had four of the children down with the mumps. The girls, being little, suffered very little but two of the boys are still quite ill. Those old mumps surely must like our place.

It was very disappointing not to see more of the parents turn out for the Cub Rally which was held at the Pembina River Valley Park on the 1st. The boys in the pack came home with some of the ribbons in spite of not having too much parental support and I'm sure everyone who was able to attend has a real good time.

The Gymkhana Club held its first very successful gymkhana of the season and has now embarked on the project of celebrating the first of July holiday with another show as well as a parade and various other activities for the day. They are hoping as many people will help to celebrate as possible; even if it isn't Canada's hundredth birthday, it is a birthday and any birthday is well worth celebrating. I understand that Mr. Pete Peterson is in charge of the parade activities and I am sure he will be glad to hear if anyone wishes to have an entry in the big show.

The Styal FUA local met at the Hollisprings Community Centre for a regular meeting. At this meeting, voting delegates for the forthcoming convention were chosen as well as representatives for the hog marketing board proposal.

The students from the Junior Senior High School marched for money to swell the Students Union coffers on the 25th.

Quite a few of the students as well as the sports teacher, Mr. Jensen, walked twenty two miles, all being sponsored for some amount by various classmates.

The United Church congregation held its annual picnic at the Pembina River Park on June 2nd. There was a good turnout of the members and after a most satisfying lunch, races were held for the children as well as for members of the adult group who were willing to participate. This picnic was also the culmination of Sunday School activities for the children. Sunday School will open again in the fall.

Mr. and Mrs. Pugh and Mr. and Mrs. Froland motored up to Jasper for a few days on the first weekend in June.

Mr. and Mrs. Charlie Schroder of Vegreville have a new small addition to their family of two boys. The newest is a baby girl and the first granddaughter for Mr. and Mrs. Frank Schroder, Charlie's parents, here in Evansburg.

The Agricultural Society informs me that fair books are now available to anyone wishing to have one. Anyone may obtain this list by contacting me or Mrs. Payne of Wildwood.

Mr. and Mrs. Carl Bjornstad and Mrs. Lois Tuttle all journeyed to Penticton where Mr. Bjornstad attended a Legion convention and the women visited with their parents.

Mr. and Mrs. M. Mazeppa motored to Holden to attend the funeral of a relative.

Our youngest son, Kelly attended school for three days last week as a potential beginner for the fall term. According to this "expert" at school, it's just the thing for little boys who get bored at home with "nothing to do".

In Drayton Valley for polling divisions 77 to 82 inclusive and 130 to 155 inclusive the Advance Poll will be held in the Town Council Chambers.

not to miss the auction sale sponsored by Legion and Fire Men to be held in Evansburg on Saturday, June 15th. Proceeds from this will go towards finishing the Centennial Rink.

# Summary Regular School Board Meet

A regular meeting of the Board of Stony Plain School Division No. 23 was held in the Divisional office on Tuesday and Wednesday, May 14th and 15th.

Representatives from the Department of Highways came to see the Board regarding the proposed widening of the Highway past the Seba Beach Schools. The Board was concerned that the widening of the road could divert water from the hill across the school yard. This matter was fully discussed and it was agreed to have a committee of the Board meet with the Engineers at the school at some future date to view and discuss this matter further.

Messrs. B. Richer, M. W. Martyn and B. A. Stolee came to see the Board to commence negotiations for a salary agreement for the 1968-69 term.

The Board informed the teachers that their request will be considered and they will be advised accordingly.

At the last meeting a committee of the Bus Operators requested a 15% increase in school bus rates.

It was moved that a new schedule be offered to the Bus

Operators, to become effective September 1, 1968.

The Principal of Stony Plain Elementary and Junior High School and the Principal of the Drayton Valley Elementary School requested paving at the schools. Since there was a very limited appropriation in this year's budget these requests were not granted.

Mr. Henry Toews reported to the Board on the present staff situation.

Mr. Toews further reported that he hired 14 teachers while in England, 8 men and 6 women ranging in age from 22 to 37.

It was moved and carried that Peter J. Kowalchuk's resignation as Vice-Principal of the Drayton Valley Elementary School effective June 30, 1968 be accepted.

It was moved and carried that the Superintendent be authorized to implement an oral French program in the Stony Plain Junior High School for the coming year.

Mr. F. Hammochko reported to the Board on the Science Institutes held in Drayton Valley and Stony Plain on May 9th and 10th.

He explained that, to implement the new science program in the elementary grades, it would require about \$2,250 per school for equipment. However, it is planned to implement, perhaps, only 1/3 of the program this year which would require a cash outlay of approximately \$8500.

This project was approved on the condition that the budget appropriation for supplies and equipment be not exceeded.

It was moved and carried that Rev. A. J. MacKenzie of

the St. Elizabeth Parish of Evansburg be authorized to use the Seba Beach Gymnasium for church services during July and August on the condition that satisfactory arrangements are made with the janitor.

It was moved and carried that a committee consisting of the Chairman, Assistant-Superintendent, Maintenance Foreman and trustee concerned, survey all the schools and submit a recommendation to the Board regarding necessary repairs.

It was moved and carried that the request for a trampoline for the Drayton Valley Junior High School be not granted.

A letter was received from the Town of Drayton Valley asking the following question: "Does the Stony Plain School Division No. 23 still subsidize their teachers by levying below normal rentals for teacher-ages?"

This matter was referred to the Chairman, Mr. F. W. Maddock for attention.

It was moved and carried that the committee making a survey on repairs also inspect all teacherages and submit a recommendation on new rental

rates.

A letter was received from Mrs. Mike Blatkewicz in which she advised that she wishes her three children transferred from the Tomahawk school to Drayton Valley. Mr. Jouan further advised that three other families in that area submitted similar requests.

It was moved and carried that the parents living south west of Tomahawk be advised that their request to have their children transferred to Drayton Valley will be considered prior to school opening in September.

It was moved and carried that the Grade X and Grade XI students be dismissed on Wednesday, June 19th for the present school term.

## Letters TO THE EDITOR

The Editor,  
The Western Review.

Dear Sir:

"The heart is deceitful above all things, and desperately wicked; who can know it?" says God speaking through His prophet, (Jer. 17:9). God's Son said: "For out of the heart proceed evil thoughts, murders adulteries, fornications, thefts, false witness, blasphemies: These are the things which defile a man", (Matt. 15:19). Because this is a psychological truism, of however ancient provenance, a man in Dallas 4½ years ago, a man in Memphis 2 months ago, and a man in Los Angeles 1 week ago, killed national U.S. leaders who, in turn, became expressions of the unconscious longings and aspirations of all peace-loving and freedom-loving men everywhere. Thus dismay, disgrace, bewilderment and sorrow are visited again not only upon many Americans, but also upon all men who deprecate lawlessness, brainless brutality and violence.

We have long and distantly strayed from the source of

truth and love, and we must return today to the Eternal God as revealed in His Son Jesus Christ our Lord. No society can be truly just or great that neglects faith in God. Such a society will be self-destructive.

For the healing of the individual and the nation we therefore now urge you (at this election hour) to devote and to re-dedicate yourselves, heart, mind, and will, to God the Father, through Jesus Christ, in the power of the Holy Spirit.

Rev. G.E. Ingram,  
All Saints Church.

## Staff Nurses Assns. Discussed at Meeting

Staff Nurses Associations and how they can improve working conditions and patient care were the main topics of discussion at the May meeting of the Drayton Valley Chapter of the Alberta Association of Registered nurses.

The panel presenting the topic was composed of four members of the Staff Nurses Committee of the North Central District. Also present was Mrs. Helen Cotter who is Assistant Employment Relations Officer.

An harmonious environment and good lines of communication are essential requirements when working towards better patient care. Each member of the team has a responsibility to maintain such an environment and establish good rapport. Better patient care naturally results in better rehabilitated patients.

Co-operation is the key word or lubricant needed to keep hospital machinery working smoothly. To gain the loyalty and co-operation of a group, it is important that we realize that every individual of that group has a need to feel that he belongs and is needed for himself and not just for what he can do. Equal-

ly important is the need to have a share in planning the group goals and to feel that what is being done has real purpose and contributes to human welfare.

The next meeting of the chapter will be a dinner meeting to be held in the Cardium Room, June 12 at 7 p.m. Mr. Bob Lane, Regional Welfare Officer, will be guest speaker.

The Track and Field day held at the Entwistle School on Friday, May 31st was a huge success. The blue team won on the allover sports and the Red team won the baseball game.

A very lovely shower was held on June 3rd in honor of Miss Jean Brown whose marriage will take place on June 7th. About 75 friends and relatives gathered for the evening with many gifts for the occasion. The evening was spent playing bingo and a skit was enacted by the hostesses. After the gifts were opened a lovely lunch was served to all who came. Jean thanked the women who put on the shower and all those for the gifts she received.

### RAPESEED COOKING OIL

Rapeseed oil is the newest cooking oil available to Canadian homemakers.

In baking tests done in the Home Economics Department, University of Manitoba, rapeseed oil compared favorably with other cooking oils.

The oil can be heated to a higher temperature without smoking, than is possible with others. This means, for deep fat frying the food cooks faster and is better tasting.

Rapeseed oil is much cheaper than the traditional corn and soybean oils, which are imported. It is approximately 15-25 per cent lower in cost than other brands, and in some areas has been found to be as much as 50% less.

PULL-TYPE WHEEL RAKE

Watch this amazing MF 39 Wheel Rake windrow a field of hay and you'll probably never want to handle hay any other way. Five or six ground driven fingerwheels skim over the field, windrowing at nearly twice the speed of parallel bar rakes. Spring steel tines "caterpillar" along close to the ground, deftly picking up each piece of hay while at the same time dodging around obstructions. Hay travels shorter distance from swath to windrow. Regardless of forward speed or uneven terrain hay is laid into a straight easy-to-bale windrow. The MF 39 is a real money maker—economical to buy, simple to maintain, and a superior saver of hay and hay quality.

Mounted models and side delivery rakes, too!

## Boy Loses Life in Tractor Mishap

Funeral services for the late little Ronald Arthur Lunn, age 2, who was killed in a tragic tractor accident at the home of his grandparents north of Ferintosh June 2, 1968, were held from the Hoveland Funeral Home in Bashaw, Wednesday, June 5th.

The Rev. Bundage of the New Norway charge of the United Church was officiating minister. Burial took place later that day at Drayton Valley.

Little Ronald was born at Stettler, and moved with his parents to Drayton Valley and

was visiting with his grandparents, the Scarifs, north of Ferintosh.

The accident happened when the little lad got in the road of one of the tires of a large tractor which was being used to tow a hog which was to be butchered.

Dr. B.C. Gorman, the coroner and physician was called.

Ronald is the son of Harold and Marie Lunn of Western Trailer Court in Drayton Valley. He is also survived by two sisters.

## Winter Roughage

Since the cold dry spring is expected to result in below normal hay yields, cattlemen should take a careful inventory of their potential roughage supplies for next winter and take necessary remedial action now. It will be too late when shortages become apparent next fall.

O. G. Bratvold, head of the Alberta field crops branch, suggests planting cereal grains for harvesting as greenfeed or silage in late August or early September. A late maturing variety of oats such as Victory is recommended for both greenfeed and silage. The crop should be harvested in the medium dough stage. In the case of silage, the addition of 15 per cent of an early maturing barley such as Gateway will greatly increase the energy content of the feed.

Past experience, says Mr. Bratvold, has shown that in a normal year cereal grains can be expected to produce 5 to 6 tons of silage per acre, depending on such factors as moisture, fertility, etc.

The total roughage requirements for a cow herd will vary according to the length and severity of the winter and on the type of ration fed. The general rule, however, is that one should plan on producing one acre of silage for each beef cow to be wintered, says Mr. Bratvold. Finishing cattle will require less, while milking cows will need more. A slightly higher acreage of greenfeed will be required because of the greater waste involved.

Did you hear about the golfer who cheated so much that when he got a hole in one he put down a zero on his score-card?

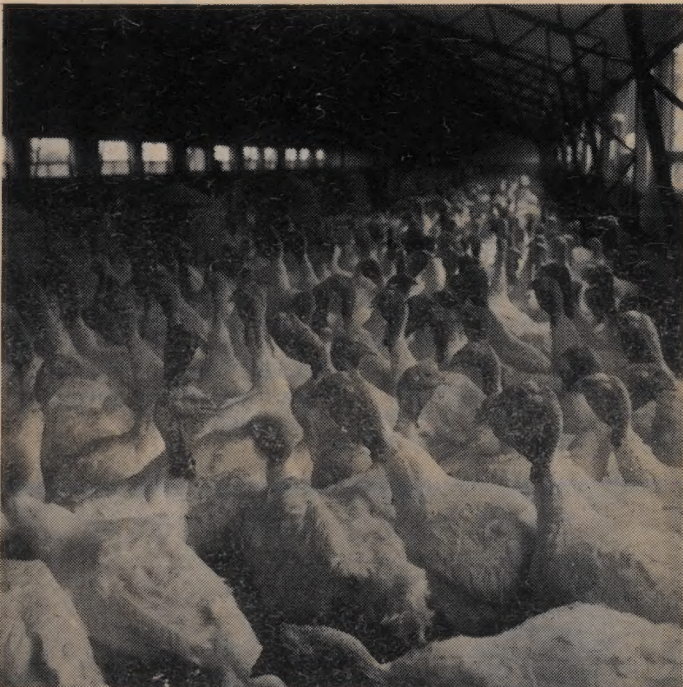

## Big Turkey Industry

Broiler turkey marketings for the first half of this year are likely to be below those of a year earlier but poult placements began to increase in March over last year's.

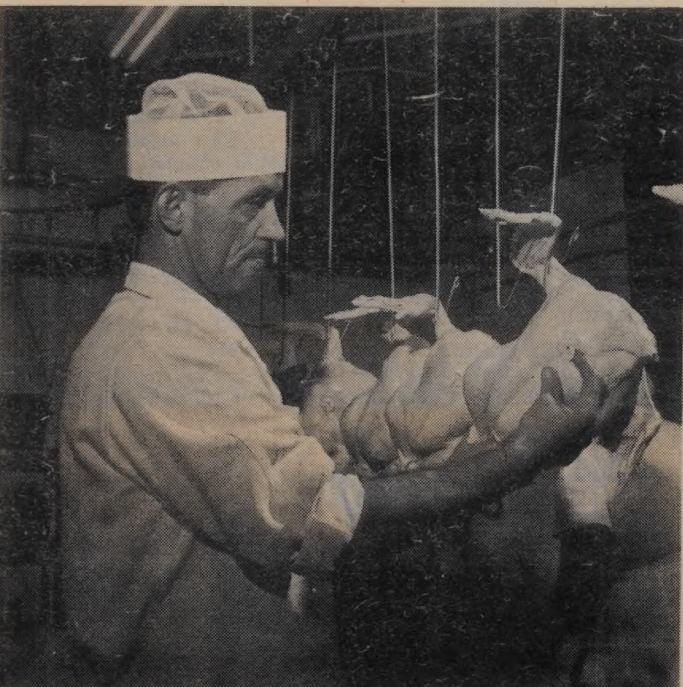

The turkey industry is strong in south-west Ontario and production of turkey meat is a year-round industry. Here's a glimpse of three different aspects of the industry.

Sexing the poults to separate the toms from the hens. They are easier to raise separately.

Thousands of toms being finished for market. Heavyweights take up to 27 weeks feeding. Note the cylindrical automatic feeders in background.

Processing plants employ their own graders whose work is constantly checked by federal inspectors. The grade tag is attached to the bird as it passes before the grader on a moving line.

Let's see. Two in the biplane and another three on the fence posts. That's five fast flyers. All this plus a speeding express train, a racing stagecoach and a hopped-up Hupmobile. What's everybody's hurry? Heaven knows, in Lethbridge we take our own sweet time brewing the beer behind that lively label. Then we age it slowly and naturally. For a flavour that goes over great.

## D. V. Highlights

BY MRS. EDITH DEBY

Larry Beckett, who is attending Olds Agricultural College was home for the weekend. His friend, Don Korth, also attending Olds, accompanied him.

Have you heard the good news? The Fred Chipchases are selling their property in Vernon and hope to be settled somewhere west of Edmonton before school starts.

Dr. Findlay and Mr. Wm. Johanneson attended refresher courses held in Banff last week. Mr. Johanneson took the course for secretary-treasurers in municipal government and Dr. Findlay's interest was in the course for councillors.

Mrs. Taylor, of Evansburgh, has kindly consented to be in charge of judging at the Drayton Valley Women's Institute Flower Show to be held in the Elk's Community Hall on August 17th. Mrs. Roy Burrows will assist Mrs. Taylor with judging.

Mrs. Ted Mastre, formerly of Drayton Valley, is in hospital in Dawson Creek where she

is recovering after an operation.

Mrs. Robert Jevne of Vancouver, is spending a month with her son and daughter-in-law, Mr. and Mrs. Ross Jevne.

### Special Summer Services Planned

Many centennial projects were completed successfully in 1967. Among them was a project to hold an outdoor church service every Saturday evening in Evansburg.

Because the response to these meetings were quite good, Rev. R. Kemp, the pastor of the Evansburg and Drayton Vally Pentecostal churches wishes to announce that these services have resumed for the summer of 1968 as well.

There will also be a Bible Story Hour for the children each Sunday afternoon at 3:30 p.m. in the church.

Tickets will be available at the Pembina Drug Store and the Ambassador Motel until June 19th.

## Marketing Board

The Hon. H.E. Strom announced recently that a draft of a plan to establish an "Alberta Hog Producers' Marketing Board" has been received from the Agricultural Products Marketing Council. Minor changes are still being considered by sponsoring organizations.

The Marketing Council has recommended that the plan, when finalized, be submitted to the Cabinet for consideration and approval.

Mr. Strom stated that in light of the opinion expressed by hog producers, through the opinion poll conducted in March, he expects the Cabinet will approve the plan. However, Mr. Strom stated that before the plan could become operative, producers themselves would have to vote for the plan, as required by the Marketing of Agricultural Products Act.

If the plan is approved producers will receive at an early date, a registration form which must be completed if they wish to exercise their franchise.

Collier Maberley

### Angry Liberal

Candidate in Rocky Mountain Constituency with a new approach is Collier Maberley, Banff's Angry Liberal.

Mr. Maberley, a Banff motel operator, says that if elected he will see the Liberal policy of justice, honesty, fair play and private enterprise put into force. Mr. Maberley also insists that Canada's 6,000 park residents should enjoy the privileges of other Canadians.

The Angry Liberal also has a sense of humor and his letter to voters is sprinkled with Burma Shave type slogans and ends with "Tempted to vote ... follow your hunch ... be top banana ... not one of the bunch ... and vote for Collier Maberley."

### Whitewash Time

Whitewashing farm buildings  
is a cheap, easy way of pro-  
tecting wall surfaces, brighten-  
ing dark interiors and killing  
germs and insects.

The Alberta Department of  
Agriculture's engineers have  
compiled a leaflet entitled,  
"Whitewashes for Farm and  
Home" which gives five dif-  
ferent formulas and outlines  
the most convenient methods  
of application.

For high-grade work in dair-  
ies and other buildings and on  
yard fences they recommend  
adding one sack of hydrated

lime to seven gallons of water.  
Then dissolve six pounds of salt  
in three gallons of boiling wa-  
ter. Then dissolve six pounds  
of salt in three gallons of boil-  
ing water. When the solutions  
have cooled, mix the two to-  
gether, and stir in three pounds  
of Portland cement. A disin-  
fectant may be added.

For less exacting outside work  
such as fences and trees, the  
engineers suggest dissolving 15  
pounds of common salt in 7½  
gallons of water. Then slowly  
add one sack of hydrated lime  
and stir vigorously. Thin the  
mixture with water until it has  
a milk-like consistency.

Although the leaflet does not  
give directions on the use of  
insecticides, the addition of a  
long-lasting insecticide such as  
Korlan or Cygon will give a  
reasonable degree of fly con-  
trol in hog barns and poultry  
houses.

There are a number of com-  
mercial whitewash preparat-  
ions on the market which re-  
quire the addition of water  
only.
